WORK EXPERIENCE

BACKEND DEVELOPER

June 2025 - Present

AWORK Group A/S, Copenhagen, Denmark

Led backend development of multiple modules for AWORK ONE, including a Consent Management Platform (CMP), survey and A/B testing modals, website profile segmentation, and integrations with Google, LinkedIn, and Meta ads; developed SEO tools like keyword rank tracking, competitor analysis, and backlink analysis; implemented web and accessibility compliance features; and optimized backend performance to reduce server resource usage and third-party tool costs, collaborating closely with stakeholders to refine product features.

WEB DEVELOPER (INTERN)

January – June 2025

AWORK Group A/S, Copenhagen, Denmark

Contributed to the maintenance and enhancement of core backend functionalities for the CitizenOne project, with a primary focus on optimizing the duty schedules module, including its logic and the generation of schedule display outputs.

BACHELOR DEGREE GRADUATE

2021 - 2025

STI College Davao

Graduated with a Bachelor of Science in Computer Science, earning recognition as Class Valedictorian and graduating Magna Cum Laude.

SENIOR HIGH SCHOOL GRADUATE
